

PRINCIPAL LANDSCAPE ARCHITECT (readvertised)

Jensen Planning + Design has a high profile in South Australia as a leading planning and urban design practice comprising Urban and Regional Planners, Landscape Architects, Urban Designers and Social Planners. Based in Adelaide, our multi-disciplinary and collaborative team has an enviable reputation in all levels of Government and the private sector for delivering National and State award-winning projects in urban and regional areas.

An exciting opportunity has arisen for a talented and committed senior design professional to **lead our Landscape Architecture and Design Team**. The position will attract those looking to step up and shape their career, attracting new work and continuing to help manage the design and delivery of existing smaller and large scale public realm and strategic urban design projects.

reputation for **innovation**

affinity with **land + environment**

commitment to **community building**

ability to **deliver**

experience that **counts**

We are seeking a Registered Landscape Architect and Urban Designer with:

- Relevant tertiary qualifications
- A minimum 8 years experience and well developed practical experience in the design and documentation of a variety of public spaces and urban and natural environments
- Experience in consultation, project management, contract administration and preparation of tender submissions
- A commitment to work in a team environment in a collaborative way
- A commitment to sustainability and innovation
- High level design skills
- Proficiency in AutoCAD, Adobe Creative Suite, etc
- High level written, verbal and presentation skills

The position requires proven skills in client liaison and business development.
